

BROWN UNIVERSITY SPRING 2024 CLASS VISIT LIST

At Brown, we offer the opportunity for prospective students to attend a class. Visitors are not permitted to visit courses which are not listed on the approved class list. The Office of College Admission does not want to inconvenience the Brown faculty who kindly allow guests the privilege of observing their classes. Thus, we ask that you follow a few guidelines when you sit in on a course:

1. **Please double check your class time and location at courses.brown.edu**, as it is possible that the course has changed its meeting time or location since this list was published.
2. **Please arrive at the class a few minutes early** and let the professor know that you will be observing (unless the class is a large lecture, such as ECON0110, in which case, introducing yourself is not necessary).
3. **Please stay for the duration of the class** (unless there is a break, in which case you may leave during the break).
4. **Please do not participate** in the class unless you are explicitly offered permission by the professor.

In some cases, such as exam dates, visitors would not be permitted to observe the class, as indicated in the Conflicting Dates section. For the complete course catalog, professor information, and for latest classroom assignments, please visit courses.brown.edu.
