What is CareerLAB?

The BrownConnect initiative ensures that students have access to internship opportunities, summer funding, and alumni connections through an active web platform. The program also offers networking and career exploration events with alumni throughout the year.

The Career Counselors hold one-on-one meetings via phone, video chat, or in-person to help students assess their skills, interests, experiences, strengths and needs and to support students’ exploration and pursuit of internships, jobs, and careers. The Career Education team offers dozens of assessment and skills-building workshops.

Peer Career Advisors and Graduate Fellows hold walk-in hours to assist undergraduate students and graduate candidates with resumes and cover letters, job and internship searches, and other career-related questions.

The Recruiting team hosts employers from a variety of industries at career fairs, coffee chats, information sessions, spotlight programs and on-campus interviews. They also review thousands of job and internship postings each year on the Handshake platform.
